**Nexpart B2B**– our new online ordering tool built by  on their **nexpart** platform!

Nexpart allows you to connect with us like never before. With any internet connected device, you can access our inventory and order online. Simply enter part numbers or use the application catalog to receive real time Qty-On-Hand with accurate pricing and order parts. The invoice prints, the parts are pulled, and delivered as normal. There is no hardware to purchase; no complicated manuals to read; and no messy computer integration issues; allowing your focus to stay on business, not technology. Click the Video Tutorial icon for a 10 minute tutorial video or the PDF icon to download the 4 Step Guide.

***Discover the benefits of online ordering with the industry's fastest and easiest tool.***

- **Simple**
  - Simply type a website address in your browser, enter your assigned Username and Password, and begin ordering. There are no CD-ROMs to load or software to update, and it is so simple and intuitive, you will be ordering in minutes.
- **Fast**
  - Stock checks, catalog lookups, and order placement are measured in seconds! Get two things done at once. While you are searching for & ordering parts, you can stay focused on your customers.
- **Accurate**
  - Get the right part, the first time using the electronic catalog. Eliminate misunderstandings, language barrier issues, incorrectly keyed part numbers, or misinterpreted vehicle information. You are able to review your order before sending to make sure it's accurate. Fewer returns, less headaches, more satisfied customers.
- **Convenient**
  - Need to order that part at 6:15pm after the order desk closed? No problem. Available virtually 24 hours a day, seven days a week, you can place your order and have it waiting for the delivery driver first thing when he gets in the following workday. In addition, you can order from anywhere with an Internet connection; work, home, library ... anywhere!
